AIRFIELD EQUIPMENT & LIGHTING

MARSHALLING BATS

Made of mdf with wooden handle.

Standard DAYGLO orange face, handle plastic covered, with lanyard. [left of picture]

Diameter 200mm
Overall 400mm
Weight 410g

Sold in PAIRS

Special BAA-style baton version, 400mm overall, and a larger size 300mm diameter circular bat, are available to special order.

We also offer battery-operated, i.e.d. marshalling wands, wooden Type A orange and white airfield markers for taxiway traffic and black and white displaced threshold markers as depicted in CAP168.
